

(November 13, 2019) The district is proud of the historic progress that it has made, evident by the 2018-2019 state report card. For the first time in over a decade, Lorain City School scholars, staff, parents and residents of Lorain can lift their heads with pride knowing it is now, and will be forever known, as one of the fastest improving districts in the state of Ohio, under CEO leadership. An acknowledgement that has been made, with conviction, by State Superintendent of Public Instruction Paolo DeMaria.

The conversation being held, at this time, will garner a vision for the future. One that district CEO David Hardy Jr. hopes will ensure scholars of Lorain City Schools remain highest priority, regardless of politics. On account of CEO Hardy's vision, and a difference in priorities by the Academic Distress Commission, both parties are working towards an agreement to mutually part ways.
